2011 Seminar Series

Identification and Management of Psychiatric disorders in persons with Intellectual and Developmental Disabilities

Presenters: Dr. Todd Stull, MD and Dr. Jim Sorrell, MD

Seminar #1: Mood Disorders

Objectives:

- Distinguish the features of depression and bipolar disorder in persons with intellectual and developmental disabilities.
- Describe the medically induced or related conditions that can mimic or induce mood disorders.
- Familiarize providers with treatment considerations including the use of medications and psychotherapies.
- Highlight the role of the interdisciplinary team members in the psychiatric assessment and treatment of depression and bipolar disorder.

Fee: FREE

Register: Contact Kim Johnson at 402-471-8716 or kim.johnson@nebraska.gov and provide agency name, number of attendees, contact name and number and indicate which training location they will attend.
